#### Remarks

On Serpentine Drive in the Pink Streets, distinct architectural homes sit under mature pines and a lush tree canopy. Down a private drive, this property offers rare privacy just blocks from the waterfront parks. Elevated high enough to avoid flood insurance at this time, with no history of flooding. The double lot spans over a quarter acre with a pool and is within walking distance to parks and the water. Honeybees may be included for the aspiring beekeeper, making this retreat a unique opportunity for a nature lover. Inside, you feel one with nature with the exposed wood beams in the vaulted living room, perfectly framed around a fireplace where natural light pours in throughout the day. The thoughtful layout includes four bedrooms each with it's own walk-in closet, two and a half baths, a downstairs primary suite, and a two-car garage. Outdoors, travertine pavers add to the natural element around the salt-water pool, a tropical oasis, where flora and fauna thrive. The fenced yard offers space where native sunshine mimosa blooms with plenty of room for gardening and entertaining. You'll find plenty of Florida native landscaping for easv maintenance. Recent undates provide neace of mind. including a new roof (2020). undated electrical svstems (2023). and HVAC svstem (2025)
